**BEST PRACTICE:**

**Title of the practice: STCE (Sensitization Towards Career Enrichment)**

**Objective of the practice:**

- The primary goal of Avanthi Institute of pharmaceutical sciences "career guidance, Training & Placement Cell" is to prepare students for success in the competitive world by improving their general technical skills and maintaining a strong placement record. This cell works tirelessly to support students in pursuing their career goals by equipping them with the skills necessary to find employment and, eventually, land their dream job. Establishing a solid collaboration between students, faculty, alumni, and industry is how this is done.
- The "Sensitization Towards Career Enrichment (STCE)" is a division under the career guidance, training, and placement cell that improves students' language, technical, and communication skills. To help students improve their logical, analytical, and verbal skills, STCE arranges training sessions and programs STCE plans events and workshops to help students improve their linguistic, logical, and analytical skills. Conducting workshops and seminars focused on specific industries, providing students with in-depth knowledge and practical insights into potential career paths. Crafting individualized career development plans based on students' goals, incorporating short-term objectives and long-term aspirations

**The context:**

- Recognizing the dynamic nature of the pharmaceutical landscape, these services are designed to provide comprehensive support to students pursuing careers in pharmacy. With the pharmaceutical industry constantly evolving due to scientific advancements, regulatory changes, and emerging technologies, pharmacy students face the challenge of aligning their academic pursuits with the rapidly changing demands of the field.
- Career advisory services within the college setting offer tailored guidance to help students navigate these complexities, offering insights to specialization options, industry trends, and the diverse career pathways available within the pharmaceutical domain. Augmentation services complement this guidance by providing targeted skill development programs, ensuring that students acquire the practical competencies necessary for success in their chosen fields.
- The integration of internship opportunities, access to industry professionals, and collaboration with pharmaceutical companies further enrich the college experience for pharmacy students facilitating a seamless transition from academic studies to professional practice. By emphasizing personalized career planning, industry-relevant skill acquisition, and real-world exposure, these services empower pharmacy students to make informed decisions, pursue meaningful career

paths, and contribute effectively to the dynamic and vital field of pharmacy upon graduation.

- The practice:
- The cell responsible for placement and career guidance collaborates with many divisions to address both non-technical and technical procedures. The practice of career advisory and augmentation services for pharmacy students is becoming increasingly crucial in the contemporary landscape of healthcare and pharmaceuticals. With the pharmaceutical industry evolving rapidly, pharmacy students face the challenge of staying abreast of the latest advancements, regulatory changes, and diverse career pathways within the field.
- Career advisory services for pharmacy students provide targeted guidance on navigating this complex landscape, offering insights into specialization options, industry trends, and requisite skill sets. Additionally, augmentation service & future skill development, offering tailored programs to enhance competencies such as pharmaceutical research, regulatory affairs, and healthcare management. These services not only aid in optimizing academic and experiential learning but also play a vital role in helping pharmacy students align their career goals with the dynamic needs of the pharmaceutical sector.
- By fostering a holistic approach to career development, these services empower pharmacy students to emerge as well-rounded professionals equipped to contribute meaningfully to the evolving healthcare landscape. Our students have been guided from their starting years about the career opportunities and about higher education.

**Problems encountered:**

- The fast-paced changes in the job market may render some advisory information obsolete, creating challenges in keeping career advice relevant and timely.
- Financial limitations may restrict some students from accessing premium career advisory services or participating in events that could significantly benefit their career development.
- Poor communication channels between students and advisors can lead to misunderstandings, misunderstanding, and a lack of clarity regarding career-related decisions.
- Students may not have enough exposure to real-world scenarios and workplace dynamics,
- impacting their ability to understand the practical aspects of their chosen

#### **Title of the practice: Global Opportunities for Students**

#### **Objectives of the practice:**

Avanthi Institute of pharmaceutical sciences-initiated career guidance, training, and placement cell in the year 2018. The main objectives of this cell are:

- Encourage cross-border cooperation by strengthening multinational alliances for knowledge sharing and research.
- Cultural diversity: Introduce pupils to a range of cultural backgrounds and healthcare practices.
- Research Opportunities: Participate in international pharmaceutical trials and have access to state-of-the-art research facilities.
- Clinical experience: Get practical knowledge in a range of international hospital environments.
- Networking: Establish a worldwide professional network to facilitate future joint ventures and career prospects.
- Language proficiency: Gain the language abilities necessary for efficient communication in the international healthcare setting.
- Exchange of ideas and innovations: Take part in international forums and conferences to share innovations.

#### **The context:**

- Students seeking pharmacy degrees are at the forefront of many opportunities in the ever-changing field of global healthcare. Due to the global expansion of the pharmaceutical sector and developments in science and technology, there is an increasing need for qualified pharmaceutical personnel everywhere.

PRINCIPAL  
AVANTHI INSTITUTE OF  
PHARMACEUTICAL SCIENCES

- Pharmacy students' educational experience is further enhanced by international collaborations, research partnerships, and exchange programs, which give them the chance to investigate a variety of healthcare methods and make a difference in tackling global health issues. The worldview of the study of pharmacy broadens students' horizons and gives them the information and abilities they need to succeed in the connected world of healthcare delivery and pharmaceutical innovation.

#### **The practice:**

- Today's pharmacy students have access to a wide range of international options that cut beyond conventional boundaries and provide a life-changing and rewarding learning environment. Participating in exchange programs and university cooperation is one way to gain exposure abroad. Through these programs, students can interact with global health issues, see a variety of pharmacological procedures, and immerse themselves in various healthcare systems.
- Internships and research partnerships with pharmaceutical businesses or research institutions overseas, in addition to academic exchanges, provide access to distinct perspectives and approaches. These experiences help students become more culturally competent and adaptive while also extending their knowledge of the pharmaceutical sector.
- Global conferences and symposiums also give students a chance to present their research, network with professionals around the globe, and remain up to date on the newest developments in the drugstore. Attending these events not only broadens one's scholarly horizons but also builds a network that may come in handy for future professional and collaborative endeavors.
- Pharmacy students can participate in worthwhile initiatives targeted at enhancing healthcare globally through the involvement of numerous international organizations and non-governmental organizations in the resolution of global health challenges. Online learning environments and virtual collaborations allow students to interact with classmates and professionals from across the world without being physically confined in this age of rapid technological innovation. With the use of webinars, online internships, and group projects, students can connect with the pharmaceutical industry on a worldwide scale never before possible for them.

#### **Evidence of success:**

- Students studying pharmacy now have access to unheard-of opportunities on a global scale, highlighting the dynamic and broad nature of the subject. The growing number of global pharmaceutical institutes participating in exchanges and international cooperation is a major sign of success. Through these collaborations, students are given a rare opportunity to learn about various pharmaceutical practices, healthcare systems, and research approaches.

- Additionally, the pharmaceutical industry's globalization has made it easier for students to participate in cross-border research projects, advancing medication development and discovery worldwide. The increasing need for pharmacy actuates' talents in foreien marketplaces is more proof that these students have been successful in grabbing hold of global prospects.
- Regulatory agencies, academic institutions, and pharmaceutical businesses are always looking for experts with a worldwide perspective and expertise. This pattern not only indicates the competitiveness and flexibility of pharmacy graduates while also emphasizing the acknowledgement of their efforts to solving global health issues. Furthermore, the widespread adoption of virtual collaborations and online learning platforms has made knowledge transfer smooth, allowing students to access global resources and expertise from the comfort of their own campuses.
- In summary, the industry's dedication to promoting a genuinely global and collaborative future is demonstrated by the growing interconnection of pharmaceutical education, research, and practice across national boundaries, which reflects pharmacy students' performance in the global arena.

**Problems encountered and resources required:**

- Pharmacy students might benefit greatly from global prospects, but they also present a unique set of difficulties. The many legal frameworks that regulate pharmaceutical operations in different nations provide a serious issue, necessitating that students traverse intricate and dynamic compliance environments. Language and cultural obstacles can also difficult to communicate which makes teamwork less success.
- Another requirement for significant financial resources to cover tuition, airfare, and lodging. Students pursuing international pharmacy prospects should have access to extensive resources to overcome these obstacles. Strong academic support networks are part of this, assisting students in comprehending and adjusting to changing regulatory contexts. Programs for language competency and cultural sensitivity training can improve intercultural communication abilities and promote successful cross-cultural cooperation.
- Additionally, financial assistance the financial obstacles can be addressed through choices, scholarships, and mentorship programs, guaranteeing a more inclusive and accessible global pharmacy education for students everywhere.

#### **Title of the practice: Guidance for Higher Education**

#### **Objectives of the practice:**

Avanthi Institute of pharmaceutical sciences-initiated career guidance, training, and placement cell in the year 2018. The main objectives of this cell are:

- Gain comprehensive understanding in a particular field.
- Develop your analytical and critical thinking abilities.
- Develop your ability to communicate effectively.
- Improve your ability to solve problems.
- Get a global perspective by engaging in a variety of educational activities.
- Gain expertise in research methodology.
- Develop your teamwork and leadership abilities.

#### **The Context:**

- Intellectual, social, and professional development of individuals is greatly influenced by higher education. Higher education, which usually refers to universities and colleges, offers opportunities for learning beyond the secondary level.
- Instilling in them a deeper awareness of the world, specialized knowledge, and critical thinking abilities, it promotes both individual development and social responsibility. Additionally, it offers opportunities for research and specialized disciplines, opening doors to a variety of career paths.
- Higher education institutions modify their curricula to meet the demands of a dynamic environment as technology and industries change workforce, guaranteeing that graduates have the abilities required for success in a world that is changing quickly.

#### **The Practice:**

- Intellectual, professional, and social development of individuals is greatly influenced by higher education. It fosters critical thinking, problem-solving abilities, and a more comprehensive understanding of the world than just impacting information. Attending

a university gives students the opportunity to study in-depth in their subject of choice and acquire specialized knowledge that equips them for the demands of the working world.

- Higher education also acts as a center for innovative thinking and intellectual debate. Diverse minds come together at universities and colleges to create an environment where ideas are shared and fresh viewpoints are revealed.
- An educated labor force is the engine of economic growth and innovation. Strong higher education systems are frequently associated with higher levels of productivity and international competitiveness in a nation. To sum up, a journey of transformation that extends beyond the classroom is higher education. It shapes people into intelligent, flexible, and well-rounded members of society.
- With the world changing all the time, the significance of greater Education is still the most reliable way to equip people to deal with the challenges of the modern world and make significant contributions to both their local communities and the global community

#### **Evidence of success:**

- Higher education is essential for both individual and societal success, and there is ample evidence of its transformative power. First, there is statistical evidence that those with advanced
- Additionally, graduates frequently benefit from increased job security and a wider range of career options, which helps to maintain overall financial stability. Higher education promotes critical thinking, problem-solving, and communication skills in addition to financial gains. Graduates encourage creativity and resilience because they are better able to adjust to the changing demands of the modern workforce.
- The intellectual capital produced in educational institutions is closely associated with societal advancement. University research frequently produces ground-breaking discoveries, innovations in technology, and enhancements in society, all of which highlight the advantages that higher education has for society. Higher education also fosters an inclusive and diverse environment that advances global citizenship and cross-cultural understanding.
- Graduates are more likely to take part in democratic processes, support community development, and get involved in civic activities, all of which strengthen societal bonds. Essentially, the evidence of success that results from a higher education goes

beyond financial aspects and encompasses intellectual, societal, and cultural dimensions as well, laying the groundwork for both individual fulfilment and societal progress.

**Problems encountered and resources required:**

- There are many obstacles facing higher education, such as growing costs, unequal access, and technological limitations. Accessibility is hampered by the financial load on both students and institutions, which prevents many people from pursuing their knowledge.
- Furthermore, the constantly changing technological landscape necessitates ongoing investments in digital infrastructure and educational resources. The increasing prevalence of online learning around the world highlights the need for reliable internet access and modern hardware, which presents difficulties for both urban and rural educational institutions.
- Additionally, the diversity of student populations highlights the significance of inclusive education and highlights the need for resources to accommodate a range of learning styles as well as support services. Continuous investment is needed in faculty and staff development to help them adjust to modern pedagogies and advancements in their respective fields.

The greatest place to go if you're seeking for career advancement and organizational growth that works for your team is Job Venture Junction, whether you're an employer searching for the perfect applicant or a job seeker navigating the complexities of the employment market. Join us on this transformative journey where opportunities abound and professional aspirations come true.

## Evidence of success:

- Employment Opportunity Junction's innovative approach to customized career counselling has garnered significant recognition. Employing advanced algorithms and comprehensive profiling tools, the site ensures that job seekers will receive recommendations that are tailored to their preferences, skills, and professional objectives. The high levels of satisfaction among employers and job seekers attest to the platform's effectiveness, which has been significantly enhanced by this special touch.
- An additional sign of the platform's efficacy is the robust feedback mechanism integrated within it. Customer testimonials expressing satisfaction with Job Venture Junction show how the platform may facilitate meaningful connections, ultimately leading to the success and growth of individuals and businesses. To sum up, there is undeniable evidence of Job Venture Junction's

performance, positioning it as a major force in changing the employment environment and reconsidering the nature of the connection between employers and employees.

### Problems encountered and resources required:

- The ever-changing employment portal Along the road, Job Venture Junction has encountered various challenges. The hiring algorithm is a major issue since it occasionally mismatches candidates with open positions. This discrepancy leads to two outcomes: a decrease in platform satisfaction and frustration among users. Periodically, the system experiences technical problems as well, which detracts from the seamless user experience.
- The infrastructure of modern technology and skilled software developers are vital resources for effectively resolving these issues. Strict testing procedures and continual algorithm optimization call for a large investment in order to increase the platform's matching precision. Furthermore, Job Venture Junction requires additional server capacity in order to minimize downtime and provide a reliable user experience.
- By allocating resources to these areas, Job Venture Junction may improve its functionality and offer businesses and job searchers alike a more dependable and user-friendly platform.

**Date** : 28-04-2021

**Time** : 10.00 Am to 12:00 Noon.

**Resource Person** : Dr. Karthik Rakam

**Number of Participations** : 72

**Title of the Practice:** Niper training class.

### Objectives of the practice:

Avanathi Institute of pharmaceutical sciences-initiated career guidance, training, and placement cell in the year 2018. The main objectives of this cell are:

- Give pupils a thorough understanding of the pharmaceutical sciences.
- Gain proficiency in quality control and pharmaceutical analysis.
- Develop expertise in regulatory affairs and clinical research.
- Deepen your knowledge of pharmacodynamics and pharmacokinetics.
- Provide hands-on training in pharmaceutical production techniques.
- Encourage analytical and problem-solving skills.

### The Context:

- The National Institute of Pharmaceutical Education and Research (NIPER) is a reputable institution that offers specialized training in pharmaceutical sciences. Giving students broad knowledge and practical skills in a variety of areas linked to drug development, regulation, and discovery is the aim of the NIPER training programs.
- These programs encompass a wide range of academic disciplines, such as medicinal chemistry, pharmacology, pharmaceutical technology, and regulatory affairs. A research-oriented methodology is strongly emphasized in NIPER training, which fosters students' critical thinking and creativity.
- The institute is a leading facility that has made significant contributions to advancements in the pharmaceutical industry because of its unwavering commitment to offering excellent pharmaceutical education. Graduates of NIPER training programs are equipped to lead new innovations and address current problems in the dynamic and constantly evolving field of pharmaceutical sciences.

## The Practice:

- The National Institute of Pharmaceutical Education and Research (NIPER), which is well-known for its rigorous and demanding training programs, equips employees with the knowledge and skills required for success in the pharmaceutical industry. In order to offer a thorough learning environment, NIPER training is a sophisticated procedure that blends theoretical understanding with real-world application.
- NIPER's training methodology places a strong focus on practical application, ensuring that participants not only comprehend but also develop the ability to apply theoretical principles in real-world scenarios. Trainees can gain knowledge of the intricacies involved in pharmaceutical development, manufacturing, and research through laboratory sessions, industrial tours, and group projects.
- Since they understand how collaborative the pharmaceutical industry is, case studies and real projects enhance the practical aspect of the training and enable learners to creatively address challenges faced by the industry. Additionally, NIPER's training programs are designed to foster communication and cooperation; trainees often work in diverse groups to simulate real-world scenarios and prepare them for the collaborative dynamics of the workplace. Finally, NIPER places a higher priority on professional ethics and regulatory compliance than on technological proficiency.

## Evidence of success:

- NIPER, the National Institute of Pharmaceutical Education and Research, is a model organization for producing highly qualified personnel for the pharmaceutical sector. The institute's success is demonstrated by its demanding training programs, which deftly blend academic knowledge with practical applications. NIPER's exceptional alumni have made significant contributions to the global pharmaceutical industry, demonstrating the organization's commitment to excellence.
- The institute's cutting-edge facilities, creative research opportunities, and faculty of seasoned experts offer a holistic educational experience. Because NIPER programs provide a strong emphasis on information relevant to the industry, graduates are equipped to address the constantly evolving demands of the pharmaceutical business. There are several success stories of NIPER alumni in the industry, including production, regulatory affairs, and medicine research and development.

- Additionally, NIPER's agreements with leading research institutions and pharmaceutical companies increase its influence in the sector. Graduates of NIPER's training programs regularly hold prominent positions in esteemed pharmaceutical companies, research institutes, and regulatory bodies, demonstrating the program's effectiveness. Ultimately, the evidence of achievement lies not only in the degrees obtained but also in the tangible contributions made by NIPER alumni to the global advancement of the pharmaceutical sector.

#### Problems encountered and resources required:

- Enterprises often encounter an extensive array of challenges, ranging from technological glitches to issues with their human capital. The ever-present challenges of technical obsolescence and the dynamic expansion of digital landscapes call for constant investment in contemporary infrastructure and adaptation. Two human resource management issues that might hinder an organization's capacity for innovation and smooth operation are talent retention and skill shortages.
- In addition, the uncertainty surrounding the global economy has an impact on financial stability and necessitates adaptable financial planning. To solve these problems, a variety of resources are required. Considerable funds for research and development as well as ongoing training initiatives are needed to guarantee staff proficiency in light of technology advancements. Because of issues with human resources, strategic initiatives are needed for talent acquisition, development, and retention.

1. You will be under training for a period of one year from the date of your joining. You will be paid an amount of **Rs. 16,000 /-** per Month. As a Trainee, you will not be entitled to any other benefits or privileges that are applicable to the other categories of employees.
2. On successful completion of the training period, you will be on probation for a period of six months. Be it clearly understood and agreed that as a trainee or as a probationer, you will not have any lien or right on the regular employment either during the initial or the extended period of training or probation.
3. If your performance and conduct are not satisfactory, the training or probationary period will be extended or dispensed away during the initial or at the extended period of training or probation, purely at the discretion of the Management. Unless otherwise informed to you in writing, the probation period may deem to have completed successfully.
4. The training that will be imparted to you involves considerable expenditure, both direct and indirect, financial and unliquidated. The training substantially improves your professional standing since considerable expenditure is incurred by the Company as an investment and hence the Company expects a commitment from you to serve the Company. In consideration of the training to be imparted by the Company, you shall agree and undertake irrevocably to serve the Company, by not leaving the services of the Company and without taking up employment with any other Company.
5. It is agreed and promised by you that, you shall enter into an Employment Agreement with the Company, to serve the Company for a minimum guaranteed period of three years and six months from the date of joining, out of which you being as a trainee, as a probationer and as confirmed employee. The Employment Agreement, which you entered with the Company is accepted and agreed by you voluntarily without any duress.
6. By accepting the employment agreement with the Company, you agree and acknowledge that any breach of agreement by you would lead to irreparable productivity and financial loss to the Company, for which the Company shall recover the damages from any amounts that are payable to you by the Company and further you may tend to lose lien on certain benefits as per the applicable laws.
7. You are governed by the following clauses, in case you breach of the terms and conditions of the Employment Agreement:
  - a. If you fail to complete the first two years of employment, you shall pay a compensation of Rs. 1,00,000/- (Rupees one lakh only) towards cost of training and liquidated damages,
  - b. If you fail to serve the remaining period, you shall pay to the Company a compensation of Rs.60,000/- (Rupees sixty thousand only) towards cost of training and liquidated damages.
8. You shall produce two Sureties or Guarantors for the minimum guaranteed period of three years and six months with an absolute and unrestricted right to recover the compensation as per Clause No.7, in case you fail to compensate the said amounts towards breach of agreement.
9. Your appointment is further subject to verification of the particulars furnished by you on the 'Application Form for Employment' and other documents submitted by you. In case any particulars mentioned by you and/or other documents, which you have submitted at the time of interview or joining or thereafter are found to be false or incorrect, your training / probation / confirmation shall be terminated forthwith without any notice and further appropriate legal proceedings will be initiated.
10. This appointment and your continuance in the employment are subject to you being found medically, physically and mentally fit, that are required to discharge your functional responsibilities, by the authorized Medical Officer of the Company.
11. You shall discharge such duties as may be entrusted to you from time to time by the Management.
12. You shall be governed by the Leave Rules of the Company and shall abide by the rules and regulations as well as Certified Standing Orders that are applicable to the establishment.
13. You shall work with high standards of discipline, initiative, efficiency and economy in the department or section, wherever you are posted and strive for achieving the objectives of the Company.
14. You shall devote your whole time to the business of the Organization and shall not undertake any other business or work, either directly or indirectly, whether on remuneration or not, except with written permission of the Management.

15. You shall not divulge to anyone, particulars or details of the manufacturing/quality processes, technical know-how, product portfolio, on-going projects, future projects, marketing strategies, sales promotions plans, security arrangements, or of administrative and / or organization matters, by any means of communication, whether of confidential or not, that may become known / accessible to you for being associated with the Company.
16. The Company reserves the right to depute you for a limited period or transfer you on permanent basis to any other section / department / unit / location of the Company or its subsidiary companies that exists or may come up in future within the territory of India in your capacity for which you may be found fit and suitable, without reducing your existing benefits.
17. "Current Good Manufacturing Practices (cGMPs) are regulations (laws), established by respective countries and are being monitored by their agencies, which are similar and applicable across the world. Hence, it is a mandatory responsibility of all the pharmaceutical manufacturers to establish these principles into their routine operations and ensure that a drug is safe, correctly identified, of right strength, has the purity and has the overall Quality it claims. The cGMPs exists to protect patients from dangerous, adulterated and counterfeit drugs. It is important to note that, the product that has not been manufactured according to cGMPs is considered as Adulterated Drug, even it meets all specifications. Failing to comply with cGMPs has severe implications on the Organization with respect to legal compliance, customer/ partner relations, stock holdings, reputation in the global market and in fact its existence in the market.
  - a. Non-compliance of cGMP procedures/ practices knowingly shall be considered as betrayal and breach of integrity.
  - b. Any individual fails to comply with this commitment shall be liable to a very severe disciplinary action by the Company including termination of services, based on the facts and circumstances of the case.
  - c. This clause is applicable to the employees operating in cGMP areas.
18. You shall adhere to Quality Policy and Environment, Health & Safety (EHS) Policy of the Company in true spirit without any deviations.
19. Any absence from the duty without prior written sanction and/or permission from the respective reporting superior/s shall be considered as 'Un-authorized Absence' and attracts appropriate disciplinary action.
20. At the time of leaving the services of the Company, upon completion of eligible period of service for Gratuity payment, you are required to comply with all requirements prescribed in this regard including Claim Form to be submitted to HR, in order to receive the Gratuity on time
21. Any unauthorized absence for more than 7 (seven) consecutive working days shall be construed that you voluntarily abandoned your services and your name from the Company's muster rolls will be deleted putting an end to the employee and employer relationship and you will lose lien on employment, without prejudice to the rights of the Company.
22. You shall keep the Company informed of your postal address, telephone/mobile number, e-mail or any other means of communication including changes that may occur during the period of your association with the Company. Any communication sent to the last informed address is deemed as final and served.
23. The Company shall reimburse Relocation Charges / Notice Pay to you, which is mutually agreed / as per Policy, during interview process, subject to production of relevant supporting documents and the same shall be claimed within 3 (three) months from the date of formal joining. In case you leave the services of the Organization within a period of two years, the Company has a right to recover the same from the amounts payable to you.
24. In case you take any financial loan / salary advance from the Company and fail to repay the same as agreed during the period of your association with the Company, you along with Sureties, as applicable, shall be liable for appropriate legal proceedings as per the agreements you entered with the Company.
25. Notwithstanding any of the clauses mentioned herein, the Management reserves the right of terminating your appointment without assigning any reason and without notice during your training period.
