(Approved by PCI, AICTE & Affiliated to JNTUH)

Gunthapally (V), Abdullapurmet (M), R.R. Dist., Near Ramoji Filmcity, Hyderabad - 501 512.

Report of the Event – Computer Aided Drug Design

Speaker: Dr. Karunakar Janneeru

About Speaker: Dr. Karunakar Janneeru is the professor from Pulla Reddy College, expertise in CADD and has delivered many sessions. He has more than 12+ years of experience in conducting sessions for Pharm.D and B.Pharm students.

Target Audience: Pharm.D and B.Pharm 3rd year students

Date & Time: 17th April 2023 to 18th April 2023 from 11:30 a.m to 1:00 p.m

Venue: AIPS Seminar Hall.

Topics Covered:

- What is computer aided drug design?
- Types of CADD
- Softwares for Structure-Based Drug Designing (SBDD)
- Drug discovery
- Molecular docking and virtual screening
- Application of computer –aided drug design (CADD)

Overall Report: Majority of Pharm.D and B.Pharm 3rd year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the importance of CADD and gathered many inputs and this session will be helpful for the better understanding of CADD and its applications towards the discovery of new drug and 3D Models of future drug.

Report of the Event – Pharmacovigilance

Speaker: Mr. Nithin patin

About speaker: Mr. Nithin patin is the trainer in Clinoxy and has delivered many sessions and is a Certified Trainer in Pharmacovigilance. He has more that 11+ years of experience in conducting Training Sessions for final year students.

Target Audience: B Pharm 4th year students

Date & Time: 13th April 2023, at 10:30 a.m.

Venue: AIPS Seminar Hall.

Topics covered:

- What is pharmacovigilance?
- Scope of pharmacovigilance
- Adverse drug reactions
- Adverse drug reaction reporting from & Case reports
- How to report ADR
- Medical coding
- Clinical trails
- Clinical research organization
- Pharmacovigilance Reporting Database
- Signal Detection

Overall Report: Majority B.Pharm 4th year students had actively participated in this session and have expressed their positive feedback.

This session had helped the students to understand the essentials of software skills and this is help to crack the interview, which would help them during campus Placements. It is essential that for detection, assessment, understanding, and prevention of ADR or any other medicine/ vaccine related problem.

Report of the Event – Electronic Health Records

Speaker: Mr. Bhushan datar

About Speaker: Mr. Bhushan datar, Zenrise Clinical Research PVT Ltd. He has delivered many sessions and has more that 10+ years experience in conducting training session for Pharm D students.

Target Audience: Pharm D 2nd year students

Date & Time: 20th Apr 2023 from 10:30 a.m to 12.30 p.m

Venue: AIPS Seminar Hall.

Topics Covered:

- What are electronic health records?
- Types of electronic health recording system
- Electronic medical record
- Benefits of electronic health records
- Immunization reporting
- Patient medical history
- Medication
- Allergy
- Telemedicine

Overall Report: Majority Pharm.D 2nd year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the importance of EHR and this session will be helpful for the better understanding of EHR and it increases the value of HER by allowing electronic capture of clinical reports

Report of the Event – SAS (statistical analysis system)

Speaker: Mr. A.Satyaraju

About speaker: Mr. A.Satyaraju is the manager of Novartis. He has delivered many sessions in SAS. He has more that 10+ years of experience in conducting Training sessions for Pharm.D students.

Target Audience: Pharm.D 5th and 6th year students.

Date & Time: 13th March 2023 to 14th March 2023, at 10.30 a.m

Venue: AIPS Seminar Hall.

Topics covered:

- What is SAS?
- Base SAS
- Advance SAS
- Macros SAS
- Array's SAS
- Clinical SAS
- SDTM
- ADaM
- TLF

Overall Report: Majority of Pharm D 5th and 6th year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the essentials of software skills and this is help to crack the interview, which would help them during campus Placements. This session has emphasized the importance of in the field of financial, health care, science and oil, gas, hotels, automotives, education, etc.

Report of the Event – “Novel Techniques and Methods in Experimental Pharmacology”

Speaker: Mr. K. Mahesh

About speaker: Mr. K. Mahesh, from NTS and has delivered many sessions and is a Certified Trainer in Experimental Pharmacology. He has more than 12+ years of experience in conducting Training Sessions for B.Pharm 3rd year students.

Target Audience: B.Pharm 3rd year students.

Date & Time: 25-03- 2022 from 10.30 a.m to 1.00 p.m.

Venue: AIPS Seminar Hall.

Topics covered:

- What is experimental pharmacology?
- How to be handle animals
- Handling techniques
- Importance of experimental pharmacology
- Types of animals used for the experiment
- Instruments in experimental pharmacology
- Different routs of drug administration
- CPCSEA Guidelines

Overall Report: Majority of B pharm 3rd year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the essential of skills and this is helping how to use animal for testing of pharmacologically unknown substance and importance of experimental pharmacology in drug discovery

Report of the Event – Data Analysis And Research

Speaker: Dr. K.Sukumar,

About speaker: Dr. K Sukumar, from Zepfter Technologies has delivered many sessions and is a Certified Trainer in Data Analysis. He has more than 7+ years of experience in conducting training sessions for B.Pharm and Pharm.D students.

Target Audience: B.Pharm 4th and Pharm.D 6th year students.

Date & Time: 31-05-2022 from 10:30 a.m. to 1:00 p.m.

Venue: AIPS Seminar Hall.

Topics covered:

- What is Data Analysis and Research?
- Working with teams
- Problem framing
- Interviewing expert
- Data collection from groups
- Creativity and time management

Overall Report: Majority of B pharm 4th and Pharm D 6th year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the essentials of software skills and this is help to crack the interview, which would help them during campus Placements. This session has emphasized the importance of in the field of financial, health care, science and automotives, education, etc.

Report of the Event – Awareness on drug and poison information services

Speaker: Dr. K. Santhosh

About speaker: Dr. K. Santhosh from Analog Labs has delivered many sessions and is a Certified Trainer in drug and poison information services. He has more than 11+ years of experience in conducting training sessions for Pharm. D students .

Target Audience: Pharm.D 4th year students.

Date & Time: 08 -09- 2021 from 11:30 a.m. to 1:00p.m.

Venue: AIPS Seminar Hall.

Topics covered:

- What are drug and poison information services?
- Types of drug information services
- Types of poison information services
- Role of pharmacist in drug information services
- Importance of drug information services

Overall Report: Majority of pharm D 4th year students had actively participated in this session and have expressed their positive feedback.

We gain knowledge about the care of patients with life-threatening poisonings and education of the public and professionals.

This session has helped the students to understand the essentials of drug and poison information services.

Report of the Event- Digitalization

Speaker: Mr. S. Narendra

About speaker: Mr. S. Narendra, working as a trainer in KP Labs has more than 10+ years of experience and is a Certified Trainer in Digitalization.

Target Audience: B pharm 4th year students

Date & Time: 21st June 2021 from 11.30 a.m. to 1.00 p.m.

Venue: AIPS Seminar Hall.

Topics covered:

- Smart quality with quality management systems (QMS)
- Digitization of regulatory approval and maintenance with regulatory information management (RIM) systems
- Clinical trial digitization with e-clinical platforms
- Data Options to scale analytics and data projects
- Decisions based on AI and ML
- On-demand patient access and support programs
- Digital pills

Overall Report: Majority B pharm 4th year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the Technology in pharmacy. The students were aware of the importance of Digitalization in the pharma industry allows for more flexible manufacturing processes, improving medication and vaccine production speeds when compared to traditional fixed processes.

Report of the Event- Research Methodology

Speaker: Mrs. K. Bhargavi

About speaker: Mrs. K. Bhargavi, working as a trainer in Zepfter technologies, has more than 10+ years of experience and delivered many sessions to Pharm.D students.

Target Audience Pharm.D 4th year students

Date & Time: 21st May 2021 from 10.30 a.m. to 12.30 p.m.

Venue: AIPS Seminar Hall.

Topics covered:

1. Model specification.
2. Significance determination
3. Nonlinear transformations
4. Residual analysis
5. Normality assessment

Overall Report: Majority of PharmD 4th year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the Research methodology which provides a framework and guidelines for students who are interested in research, to clearly define research questions, hypotheses, and objectives. It ensures that their studies are conducted in a systematic, rigorous and objective manner.

Report of the Event- Demo on Pharmacovigilance

Speaker: Dr. Nithin

About Speaker: Dr. Nithin, from Ex- pharma series software, has delivered many sessions and is a Certified Trainer in Pharmacovigilance. He has more than 10+ years of experience in conducting training sessions for Pharm. D students.

Target Audience : Pharm.D 3rd Year Students.

Date & Time: 15th April 2019, from 10:30 a.m to 12.30 p.m

Venue: AIPS Seminar Hall.

Topics Covered:

- Drug safety
- Clinical trail
- Pharmacoepidemiology
- Adverse drug reaction
- Active pharmacovigilance

Overall Report: The session was delivered by Dr. Nithin. They covered all the aspects and process related to pharmacovigilance.

Majority of Pharm.D 3rd Year Students had actively participated in this session and have expressed their positive feedback

They also gave detailed knowledge and training to prepare for the jobs in this domain. This lecture provided an insight to the students for their professional growth and development.

Speaker: Mr. G.Narendra

About Speaker: Mr. G.Narendra, from Pharma deep remedies ,has delivered many sessions and is a Certified Trainer in SAS Program and Collaboration Tools. He has more than 10+ years of experience in conducting training sessions for students.

Target Audience: Pharm.D 6th year students

Date & Time: 12th Feb 2020 from 10:30 a.m to 12:30 p.m

Venue: AIPS Seminar Hall.

Topics Covered:

- What is SAS program ?
- Basics of SAS program
- Advanced techniques of SAS Program
- Analytics
- SAS data integration

Overall Report: Majority of Pharm.D 6th year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the essentials of SAS program and gathered many inputs and this is helpful to crack the interview, which would help them during campus Placements.

Report of the Event – Plagiarism checker

Speaker : Mr.K.V. Pradeep

About Speaker: Mr. K.V. Pradeep is the trainer in KP Labs and has delivered many sessions . He has more than 7+ years of experience in conducting training sessions for students.

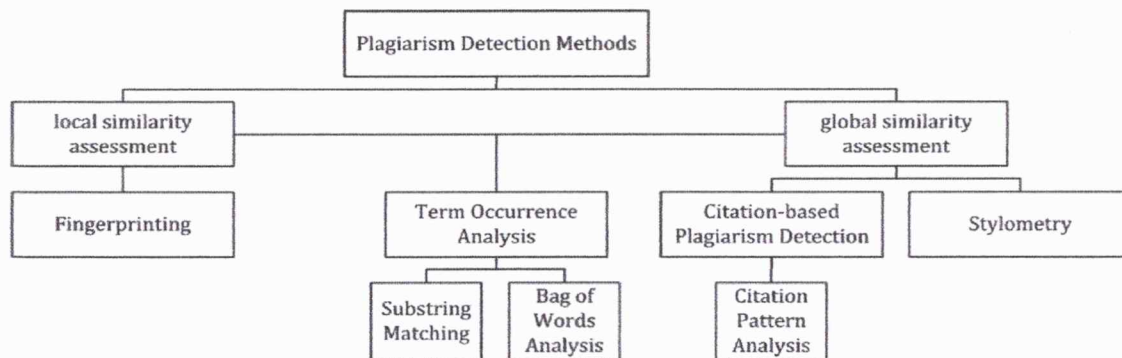

Target Audience: Pharm. D 5th year students

Date & Time: 29th Nov 2019 from 11:30 a.m to 1:00 p.m

Venue: AIPS Seminar Hall.

Topics Covered:

- What is Plagiarism checker?
- Types of Plagiarism software
- Scribbr
- Quetext
- DupliChecke
- Software-assisted plagiarism detection

Overall Report: Majority of Pharm .D 5th year students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the importance of plagiarism and gathered many inputs and this is help to avoid plagiarism, which would help them during paper publication. This approach aims to recognize changes in the unique writing style of an author as an indicator for potential plagiarism.

Overall Report: A Session on Animal handling in pharmacology experiments was delivered by Dr.K.Mahesh.

He covered all the aspects and process related to Animal handling. They also gave detailed knowledge and training to prepare for the Handling of animals. This lecture provided an insight to the students for their professional growth and development.

The hands-on training is accompanied by theoretical lectures on the principle, applications and advances of these tools and techniques. The session overall objective is to make students and early-career investigators conversant in laboratory animal handling techniques, ethics & care, as well as research opportunities.

In addition, this training is helpful to students think of alternative careers by providing the basis for them to become experts in animal handling, histopathology and different imaging techniques that are in high demand in current research facilities.

This course can create career opportunities in abroad.

This program aims to equip participants with fundamental skills and knowledge essential for ethical and proficient laboratory animal handling and research practices.

Report of the Event –Awareness of Advanced Spectroscopic techniques

Speaker: Dr. Malik

About Speaker: Dr. Malik , QA Manager in Reddy's Lab has delivered many sessions and is a Certified Trainer in Quality analysis. He has more than 12+ years of experience in conducting training sessions for students.

Target Audience: Pharm.D 4th year Students.

Date & Time: 13th Apr 2019 from 11.30 a.m to 1.00 p.m

Venue: AIPS Seminar Hall.

Topics Covered:

- Spectroscopy
- Raman spectroscopy
- IR Spectroscopy
- Spectroscopic Properties
- Nuclear magnetic resonance spectroscopy
- Fluroscence spectroscopy
- UV spectroscopy

Overall Report: Majority of students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the spectroscopy and gathered many inputs and this is helpful in Qualitative analysis, which would help them in Q.C and Q.A departments in industries.

Report of the Event – Computational Approach to Drug, Design and Development

Speaker: Mr. M. Pranay

About Speaker: Mr. M.Pranay is the trainer in Sura Labs and has delivered many sessions and is a Certified Trainer in drug design. He has more than 6+ years of experience in conducting Training Sessions for students.

Target Audience: B Pharm 2nd year students.

Date & Time: 16 Mar 2019 from 10.30 a.m to 1.00 p.m

Venue: AIPS Seminar Hall.

Topics Covered:

- Advanced pharmaceutics
- Pharmaceutical analysis
- Drug design
- Pharmacology
- Proteomics
- Pharmacogenomics
- The biology of disease

Overall Report: Majority of the students had actively participated in this session and have expressed their positive feedback.

This session has helped the students to understand the essentials of drug design and gathered many inputs and this is help in new pharmaceutical drug, which would help them in clinical practice.
