**Description :**

- Tree planting is the process in which tree seedlings are transplanted generally for forestry, land reclamation, or landscaping purposes. Tree plantation is very necessary because trees provide oxygen to the environment and make the air quality better. If more trees are planted, then the world's environment will become a safer place to live in. Tree plantation also reduces pollution, thus making the life of future generations secure.
- Tree Plantation was celebrated by Avanthi institute of Pharmaceutical sciences on 05-06-2019.
- On this occasion addressed the event by giving the speech on Environment.
- Awareness on importance of saving Environment and say no to plastic
- NSS officer P.V. Pavan kumar and NSS team organised the events like speeches for staff and students.

**Description :**

- Breast cancer is a disease in which abnormal breast cells grow out of control and form tumours. If left unchecked, the tumours can spread throughout the body and become fatal. Breast cancer cells begin inside the milk ducts and/or the milk-producing lobules of the breast. The earliest form (in situ) is not life-threatening. Cancer cells can spread into nearby breast tissue (invasion). This creates tumours that cause lumps or thickening. Invasive cancers can spread to nearby lymph nodes or other organs (metastasize). Metastasis can be fatal. Treatment is based on the person, the type of cancer and its spread. Treatment combines surgery, radiation therapy and medications.
- Avanthi institute of Pharmaceutical Sciences & NSS Unit jointly organised Awareness on Breast Cancer at Gunthapally. The programme was enlightened by HR- Director Madam Dr. Jayapradha garu.
- Dr.K. Balaji Principal gave Awareness on issue and spoke with students and Pharm.D 6<sup>th</sup> year students went to the village and spoke with females and old age people regarding cancer and harmful effects.

- January 01, 2018, saw the "International AIDS Day Awareness Campaign" held by the Avanathi Institute of Pharmaceutical Sciences.
- This time around, Principal Dr. K. Balaji has addressed at the ceremony. Our project aims to honor those who have passed away from AIDS-related illnesses, aid those who are infected, and increase public awareness of HIV/AIDS. This awareness offers a chance to show compassion for the millions of people living with HIV, bring people together in the fight against the virus, and highlight the significance of treatment accessibility, testing, and prevention. Numerous activities, including memorial services, educational initiatives, and campaigns to lessen the stigma attached to HIV/AIDS, are scheduled in observance of the day. The red ribbon, a symbol of unity and HIV awareness, is worn during this time.
