**Description :**

- Avanthi Institute of Pharmaceutical Sciences observed "NSS Day" on August 21, 2022.
- A large portion of our health comes from the nutrition we eat. Sufficient nutrition is essential for maintaining a strong immune system and overall health, making it a vital demand for society. However, this period also put the Indian people in the worst possible situation—they were unable to pay for their daily meals. On this occasion, food was provided to the Ayyas and poor children.
- Adopted an organization that cares for orphans.
- NSS volunteers all raised money based on their individual financial situations. A large number of volunteers have helped to raise money for the underprivileged. Third-year volunteers handled this process with extreme care.
- The NSS team, A. Anil Kumar, NSS officer and Mr. Rajsekhar organized the event.
